

KING COUNTY HOME OWNERSHIP PROGRAM

For more than 10 years, the King County Home Ownership Program has been helping county employees with their real estate needs. From first-time to seasoned home buyers, this program works with employees to find and finance dream homes, second homes and vacation homes.

You are invited to a free seminar that introduces you to the program and highlights all the services available, including how you might benefit from the King County Home Ownership Program.

Bring your lunch and learn about basic home buying, selling and refinancing to ensure that you make an informed decision affecting your financial future.

*If you have been wondering
if now is the right time to
get into the
real estate market,
this class is for you!!*

The King County Home Ownership Program was established to increase affordable housing opportunities for King County employees.

Through this program, county employees can purchase a new home, refinance an existing home, finance home repairs or build the home of their dreams.

In addition, the King County Home Ownership Program offers county employees a variety of valuable, money-saving services from:

- ▶ MetLife Home Loans
- ▶ Real estate agents
- ▶ Home inspectors
- ▶ Insurance agents
- ▶ Moving companies
- ▶ Home security
- ▶ And much more!
